

March 10 1863.

Dear Debra

I feel grateful to
you that Helen was
better this morning. —

She had a good night
& I think now only wants
care. but there's no
mistake about it, it's
a regular case of scarletina.
Clark says he can't
possibly mistake it.

I have had some
Episodes. It's enough
to make a horse
sick. Sarah never
intimated that some

disagreed with the
child. I was I sure
that her mercedes, that
aid not come out
will, that I thought
mei then she had
not him so will

How do ^{you} account
for Rosamond's conduct
she has the same good
as St. However, too
no are lacking we
shall do our best
for her. I am done
more. — The C^t have
spoke. I am not

going to have any
argument about them
her note is a very
impertinent one, but
I will swear before any
magistrate that they
never will say what
I have said the night.

I enclose a copy
of my note. Tomorrow
I will send you the
Deeds to hand to
Humphrey to Mr
McCreel.

Return me

I said not to whif
ham down with it

I shall hear where
more to say to with
that family as long
as I live

Yours
R. W. D. H.
